

The Heritage Group of Donors

George Lendaris
PT, Dip MDT

George is a physical therapist of over 41 years and continues to remain very active in the Napa Valley California region. The McKenzie adventure for George began in 1982 while taking the first of two courses by Robin McKenzie. It has been an indescribable honor and immeasurable privilege to have been mentored by Robin McKenzie.

José Liberato Jr.
PT, Dip MDT

After visiting Robin McKenzie in New Zealand in 1991, José became the first PT to work with MDT in Brazil. In 1996, he founded the Instituto McKenzie do Brasil. In 1998 he gained the Dip. MDT and was presented with the Dan Morgan Award of Excellence. He was appointed as a Faculty member in 2000. José presently works in his private practice in Belo Horizonte.

Vallie Rogers Hoerning
PT, Dip MDT

Vallie is a physical therapist of over 20 years experience, in rural Missouri, USA. She was exposed to the McKenzie technique initially in 1992 as a PT student, and completed the diploma program in 2000. She works full time in an outpatient/orthopedic clinic in West Plains and Mountain Grove, Mo. USA. She and Physical Therapy Specialists Clinic take great pride in being a certified McKenzie Clinic, providing McKenzie services to clients that travel for several hours/miles for McKenzie based evaluation and treatment.

Dr. Yoav Suprun **DPT, Dip MDT, CSCS**

Dr. Yoav earned his clinical Doctorate in Physical Therapy (DPT) from New York University (NYU) in 2003. He continued his post graduate education and received his Diploma in Mechanical Diagnosis and Therapy (MDT) in 2007. In addition, he is a “Strength and conditioning specialist” (CSCS), and an adjunct faculty at the Department of Physical Therapy at Florida International University (FIU). Dr. Yoav is the Founder and CEO of “SoBe Spine”, (www.sobespine.com), a concierge physical therapy clinic in Miami Beach, Florida and has a part-time practice at the Carillon Hotel and Spa in Miami Beach, Florida (www.carillonhotel.com). He has produced together with Robin McKenzie the DVD “Treat Your Own Back” and has been featured in multiple media outlets discussing the McKenzie method including CBS, NBC, Huffington Post, Dr. OZ, Shape magazine to name a few.

You can follow Dr. Yoav posts regarding MDT on Facebook “South Beach Spine Physical Therapy” or Twitter @AskDrYoav

Yoshihiro Iwasada **PT, MS, Dip MDT**

Yoshi has been committed to the development of the McKenzie Method in Japan since 2000 when the Japanese inaugural MDT course was held.

His personal journey into the McKenzie method started in 1998 when he attended Part A in USA. He became Credentialed MDT in 2001 and attained Dip. MDT in 2005. He became the first Japanese instructor of the McKenzie Institute International in 2008 and promoted to senior instructor in 2014.

Going through his professional and personal journey with MDT, Yoshi has gained strong belief that MDT is a philosophy and a science to educate the people to become self-disciplined and self-responsible for their own health.

The Heritage Group of Donors

Ezequiel Ghercovici
PT, MSc, Dip. MDT

In 2001, Eze was introduced to the McKenzie Method of Mechanical Diagnosis and Therapy. As a result, in 2003 the first Part A course was presented to Spanish-speaking Health Care Professionals in Buenos Aires, Argentina. Consequently, for the next 8 years, Spanish-speaking colleagues from Argentina, Chile, Colombia, Guatemala, Mexico, Peru, Puerto Rico, Spain, Uruguay and Venezuela have been trained in MDT. Ezequiel has also helped colleagues introduce the inaugural Part A course in other Spanish speaking countries such as Mexico in 2006, Spain in 2007 and Chile in 2011. In 2008, Ezequiel and Mr. Lawrence Dott, CEO of the McKenzie Institute International, co-founded the McKenzie Institute International – Argentina Branch. Today as a public health advocate, he is focused on participating and developing safer and more efficient and effective patient-centered health care delivery systems where innovating educational resources are implemented to empower patients, health care professionals and societies.
